Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claim 1-70 and 119-121, drawn to a system and method secrets based upon the six factors of a trade secret from the First Restatement of Torts for identifying trade secrets within a plurality of potential trade secrets, classified in class 705, subclass 1.
- II. Claims 71-95, drawn to a system for providing registration and verification of the existence, ownership, and contents relating to trade secrets, classified in class 713, subclass 158.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as ranking potential trade secrets with regard to other potential trade secrets using the six factors of a trade secret from the First Restatement of Torts without necessarily using the registration and verification system recited in invention II. See MPEP § 806.05(d).

Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is

A telephone call was made to Jon Christensen on June 9, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 3629

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

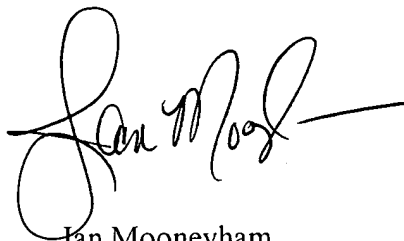

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
